www.romeodda.org

The purpose of the Romeo Downtown Development Authority is to correct and prevent deterioration in the Romeo Business District; to encourage historic preservation; to authorize the creation and implementation of development plans in the district and promote economic growth.

Original January 2010—Revised July 2020

DDA Building Façade Award Program

The DDA offers an AWARD program for eligible improvements for properties located in the DDA District.

The intent of the Building Façade Award Program is to strengthen the economic viability of downtown Romeo by providing incentives for improving the exterior of existing buildings. The Building Award Program encourages the preservation of the architectural heritage and the unique atmosphere of historic downtown Romeo. The best approach to encouraging compatible downtown building design is through preservation of a building's original architectural features whenever possible.

The Award Program promotes this intent by recognizing outstanding examples of historic building preservation. Any improvements, enhancements, and/or beautification work must include the DDA- CBD Model Design Guidelines for Signage. In addition, the DDA may use as reference, but not limited to, the Village of Romeo Historic District Commission review process, the Secretary of the Interior Standards for Rehabilitation of historic resources, and existing historical documentation in the decision process.

The Village of Romeo is listed in the National Register of Historic Places and on the State Register of Historic Sites with a *Michigan Historical Marker*. Our significant historic architecture is an important asset of the Village of Romeo Central Business District.

DDA Building Façade Award Program Guidelines

Eligible Applicants:

Anyone, including Owners and/or business tenants of structures located within the Romeo Downtown Development Authority Tax Increment Financing (TIF) district and the DDA itself, may submit an application for the DDA Building Façade Award.

Eligible Buildings:

Any existing building located within the Romeo DDA District is eligible for the DDA Building Façade Award program. Projects approved for the Award program must comply with all applicable Village of Romeo codes and ordinances.

Eligible Improvements:

Romeo Downtown Development Authority

121 West St. Clair, Romeo, Michigan 48065

P: 586-752-1170

www.romeodda.org

The purpose of the Romeo Downtown Development Authority is to correct and prevent deterioration in the Romeo Business District; to encourage historic preservation; to authorize the creation and implementation of development plans in the district and promote economic growth.

Building exterior improvements completed since January 1, 2008 that comply with the: Secretary of the Interior Standards for Rehabilitation (attached) and DDA-CBD Model Design Guidelines for Signage.

Timetable

Applications can be submitted at any time, preferably after the total completion of a building facade project.

Application:

1. Application attached.
2. Gather text, graphics, photographs and any other appropriate materials to show the building improvements.

Submission:

Submit the following to the DDA Office (134 W. St. Clair St., Romeo, MI 48065):

1. Completed application form.
2. Photographs, before and after the improvement project.
3. Text, graphics and any other materials to support the project.

Review:

1. The DDA Committee reviews the application. Applications shall be on file for review by the DDA Board. The DDA Façade Improvement Committee of DDA Board members review and recommend awards to the full DDA Board.
2. Applicant may be required to attend a DDA Façade Improvement Committee meeting to make a presentation and review the application with the DDA Committee.
3. The Romeo DDA Board names the recipients of the DDA Building Façade Awards.
4. The Romeo DDA Board determines the best time and place to present the Award to appropriate building owners or business owners.

APPENDIX D U.S. SECRETARY OF THE INTERIOR'S STANDARDS FOR REHABILITATION

U.S Government, Department of the Interior, National Park Service Secretary of the Interior's Standards for Rehabilitation

Rehabilitation is defined as the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features which convey its historical, cultural, or architectural values.

1. A property shall be used for its historic purpose or be placed in a new use that requires minimal change to the defining characteristics of the building and its site and environment.
2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.
4. Most properties change over time; those changes that have acquired historic significance in their own right shall be retained and preserved.
5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
6. Distinctive historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
7. Chemical or physical treatments, such as sandblasting, that causes damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
8. Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.

Romeo Downtown Development Authority

121 West St. Clair, Romeo, Michigan 48065

P: 586-752-1170

www.romeodda.org

The purpose of the Romeo Downtown Development Authority is to correct and prevent deterioration in the Romeo Business District; to encourage historic preservation; to authorize the creation and implementation of development plans in the district and promote economic growth.

9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be impaired.
